AuSable Valley CMHA is charged and contracted to operate the CMH according to law, regulations and contracts and must comply with those at all times. In order to do so as successfully as possible, we find community input to be advantageous. Therefore, the Parent Advisory Group was formed. The Advisory Group meetings are open to the public. We encourage consumers, parents, family members and community members to attend. The purpose of the meetings are threefold; 1) to communicate with the public about AVCMHA operations, 2) to educate the public about programs, pending legislation, policy or regulatory changes, and the impact those have on operations, and 3) to seek public input and suggestions focused on improving the delivery of services, and to better understand the needs of the region.

We greatly appreciate your participation and suggestions on our services. Thank You.
